

FinPharmaNet meeting

12th Annual FinPharmaNet meeting on June 14-15, 2018 at Hotel Korpilampi, Espoo

PET BASICS-course, 3-5.4.2018, Program

Place: Risto Lahesmaa Lecture Hall, Turku University Hospital, Turku

Organiser: Turku PET Centre

Language: English

Target attendees: Physicians, scientists, PhD students, all interested in PET

Course is free of charge and worth of 2.0 credits for MSc and PhD degree, and 22 h for MD specialist's degree.

Please register latest March 19, 2018 to Lenita Saloranta lenita.saloranta@utu.fi

Generating mammalian cerebral cortex course

1 ECTS, 11.-12.9.2017, Viikki campus

The course is based on:

- Journal club (one article of prof. Jeffrey Macklis). 10 h preparation, 2 h discussion
- Jeffrey Macklis Viikki Monday seminar 11.9 at 15.15-16.00, 1 h
- Jeffrey Macklis presentations and interactive discussion with students 12.9 at 9.00-12.00, 3 h
- Student lunch with Prof. Macklis in Viikki 12.9., 1 h
- Writing up a learning diary, 2h
- Discussion and return of the learning diary, 2 h

Application to course 31.8.2017 at the latest.

An intensive course (2 ECTS) on
Pharmaceuticals in the Environment (PiE) – From Troublemakers to Benign by Design
is to be arranged on 9-11 November 2016 at the University of Helsinki.

The course aims at increasing understanding on the impact of drug (pharmaceutical) residues found in the
environment on the environmental health by combining the viewpoints of pharmaceutical, environmental,
chemical and biological sciences as well as engineering.

The course is targeted for PhD and advanced MSc students, but suits also for BSc level students.

Teaching language is English.

Registrations are due 31 October 2016 via the e-form below:
