

Go to: <https://hilife-infra.ilab.agilent.com/>

The screenshot shows the top of the HILIFE iLAB Core facility service portal. At the top left is the University of Helsinki logo, which consists of a stylized black flame-like shape with a white square in the center, and the text "UNIVERSITY OF HELSINKI" to its right. Below the logo is a navigation bar with three items: "About" (highlighted in green), "Core Facilities", and "Search".

The main content area starts with a heading "Welcome to HILIFE iLAB Core facility service portal". Below this is a section titled "University of Helsinki users" with a bulleted list of instructions:

- Login in using HAKA credentials, i.e. normal UH credentials.
- This connects your iLab account to the HAKA directory.
- During registration, select PI/Lab/Research Group from a dropdown menu.
- Group membership connects you with appropriate funds (WBS)
- You may apply membership in multiple Groups/Labs
- If you do not see your PI on the list please reach out to [iLab Support](#)

Next is a section titled "University of Helsinki PI's" with a bulleted list:

- You do not need to register separately - your account is created through SAP integration
- Log in with your HAKA credentials.
- Invite/approve Group members and manage your funds (WBSs) through 'Manage Groups'

Then is a section titled "Users outside University of Helsinki" with a bulleted list:

- If your host institute is [member of HAKA](#), use your host institute credential to [login using HAKA](#)
- If not, [register here](#)

Below this is a section titled "Getting started" with a bulleted list:

- [Instructions for FIMM Genomics iLAB](#)
- [Online help site for iLAB by Agilent](#)

A red arrow points from the text "To register as HUS user click here" to the "register here" link in the "Users outside University of Helsinki" section.

At the bottom right of the page, there is a small copyright notice: "© Agilent Technologies, Inc. 2020".
