In order to become a member of the Student Union of the University of Helsinki (HYY) for the academic year 2016–2017, you have to pay the Student Union membership fee. Only as a member of the Student Union may you apply for a student card. The membership fee includes the health care fee of the Finnish Student Health Service, FSHS (YTHS). Doctoral/PhD students may join the Student Union too, if they wish. However, they will not be entitled to FSHS health care.
